Professional Summary

Front-End Developer with 3+ years of experience building scalable, responsive web applications using **React, Redux, JavaScript (ES6+), HTML5, CSS3, and REST APIs**. Delivered 100+ production-grade screens and collaborated in Agile environments across government and enterprise-grade projects. Experienced in leading teams, integrating backend systems, and optimizing UI performance. Passionate about clean code, modern React practices, and continuous learning.

Skills

- **Programming Languages:** Python, JavaScript(ES6+), Typescript, Object Oriented Programming (OOP)
- **Frontend:** React, Redux, HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Web Design, Material UI
- **Version Control:** Git, GitHub, GitLab, Bitbucket
- **API Communication:** RESTful APIs, Postman, Fetch, Axios
- **Tools:** Visual Studio Code, Jupyter Notebook
- **Soft Skills:** Team Leadership, Time Management, Effective Communication, Agile (Kanban and Scrum), Continuous Learning, Problem Solving

Work Experience

Frontend Developer - Ministry of External Affairs   February 2024 - Present

- **Led** front-end development of government portals using **React**, **Redux**, JavaScript (ES6+), HTML5, **Tailwind CSS** and CSS3, ensuring **responsive** and **scalable UI** along with Redux for efficient state management and **seamless data flow**.
- Designed and **implemented** 50+ **dynamic**, **user-friendly** screens with **consistent** UI/UX across departments and Integrated 100+ **RESTful APIs** using **Axios**
- Served as **Team Lead**, overseeing task allocation, **mentoring** junior developers, and **delivering** high-priority projects as per schedule.

Systems Engineer - Tata Consultancy Services   July 2022 - November 2023

- **Collaborated** with 5+ cross-functional teams to translate project requirements into technical solutions, ensuring **timely feature delivery**.
- Built 30+ **modular** and **responsive UI components** using React and Bootstrap, enhancing **design consistency** across application modules.
- **Integrated** 50+ backend services via RESTful API integration to support **dynamic**, **real-time data rendering**.
- **Spearheaded** a team of 5 developers to build and deliver the NTSLA module from the ground up within 15 weeks, **meeting tight deadlines**.
- Worked in **Agile sprints** alongside QA, backend, and product teams to align front-end development with evolving **business goals**.
- Performance optimization of 15% achieved using best practices.

Systems Engineer Trainee - Infosys   February 2022 - May 2022

- **Developed** a book exchange web application using React and Bootstrap along with **API integration** while working in an Agile setup.
- Undertook **requirements** gathering and built **user stories** for the project.
- Assigned as **Team Lead** and used **Git** for **version control** and as a code repository for the project.

Projects

MEADOWS - Ministry of External Affairs Digital Online Working System

- A complete web based working system for the organisation ensuring speedy resolution of the pending cases and provides functionality like APAR, Procurement, Intranet Access, Employee Leave Management, etc.
- Various user roles such as Administrator and General Employees.
- Reduced the workload by 19% by integrating the workflow through web and enhanced employee satisfaction by 25 points out of 100.
- Project URL: https://videshapps.gov.in/

Passport Seva Project 2.0

- A revamped version of the existing Passport Sewa Portal using modern technologies like React, Bootstrap and Material UI and aligning with WCAG
- Worked on various modules such as NTSLA, VO-GO, PCC and Madad and integrated 50+ APIs developed by backend team.
- Closely coordinated with the client to understand the project requirements.
- Ensured timely delivery of the modules enhancing client satisfaction.
- Project URL: https://www.passportindia.gov.in/psp

Education

B.Tech (Computer Science Engineering)   August 2018 - June 2022

Shaheed Bhagat Singh State Technical Campus, Ferozepur   9.24 CGPA

Certifications

- **AZ900** - Azure Fundamentals - Microsoft
- **Introduction to Cloud 101** - Amazon Web Services (AWS)
- **Python (Basic)** - HackerRank
- **Problem Solving (Basic)** - HackerRank
- **Javascript (Basic)** - HackerRank
